

# HUNTER PARK GARDEN HOUSE

## Plant Pre-Order Fundraiser (due February 17, 2017)

### About the Hunter Park GardenHouse

The Hunter Park GardenHouse is a project of Allen Neighborhood Center, a non-profit 501(c)(3) organization in Lansing, Michigan. The GardenHouse serves as a demonstration site and hub for year-round farm and garden education. Neighbors volunteer to grow food, flowers, and community; and youth develop job and life skills in service to the neighborhood. Since 2008, the Hunter Park GardenHouse has empowered neighbors to grow, prepare, and eat healthy food to better their health and become more connected with the community. We are open 6 days a week, year-round, and offer a wide assortment of programs.

### Our Plants

All plants are started from seed in the Hunter Park GardenHouse, using sustainable growing practices. Proceeds from the plant sale support our programs and serve our community, because that's what we're all about. For plant variety photos and more descriptions, visit:
