PRODUCTS:

Pies
Cupcakes
Cookies
Fudge

After years of enjoying my mother's fudge recipe on Sunday evenings, I decided to share her legacy for others to enjoy. And so it is with a passion for sharing my labor of love, I offer her peanut butter and chocolate fudge for your pleasure. Additional fudges have come as a result of finding other recipes that would meet her standards for yummy. To broaden our horizons, we offer breads, cookies, brownies, muffins and cupcakes to round out our palate of sweet treats. We've added a couple of gluten free items as well....chocolate scotcheroos and a peanut butter granola bar provide a sweet treat for those who are looking for gluten free items. Our taste is discriminating and made with much love.
