

Hunter Park GardenHouse Plant Sale Fundraiser Pre-Order (due February 21, 2018)

About the Hunter Park GardenHouse

The Hunter Park GardenHouse is a project of Allen Neighborhood Center, a non-profit 501(c)(3) organization in Lansing, Michigan. The GardenHouse serves as a demonstration site and hub for year-round garden education. Neighbors volunteer to grow food, flowers, and community; and youth develop job and life skills in service to the neighborhood.

For ten years, the Hunter Park GardenHouse has empowered neighbors to grow, prepare, and eat healthy food to better their health and become more connected with the community. We are open 6 days a week, and offer a wide assortment of programs.

Thanks for checking out our Plant Sale Fundraiser Pre-Order! All plants are started from seed in the Hunter Park GardenHouse, using sustainable growing practices. Proceeds from the plant sale support our programs and serve our community, because that's what we're all about. For plant variety photos and more descriptions, visit:
